

DSWD DROMIC Report #13 on the Oil Spill Incident in Naujan, Oriental Mindoro

as of 11 March 2023, 6PM

I. Situation Overview

On 01 March 2023, the Philippine Coast Guard (PCG) confirmed oil spillage in the waters of Naujan in Oriental Mindoro after the Motor Tanker (MT) Princess Empress sunk last 28 February 2023.

Reports indicated that the MT Princess Empress was loaded with 800,000 liters of industrial fuel prior to the incident. The vessel experienced engine trouble brought by overheating while in transit from the Province of Bataan to the Province of Iloilo, causing it to drift towards Balingawan Point in Naujan. It then partially sank due to rough sea conditions until it fully submerged on 28 February 2023.

There were twenty (20) crew members onboard including the Master Captain that were eventually rescued.

On 03 March 2023, the PCG confirmed the impact of the oil spill in the Province of Antique particularly in the Municipality of Caluya.
