

## DSWD DROMIC Report #7 on STY “Betty” (Mawar) as of 31 May 2023, 6PM

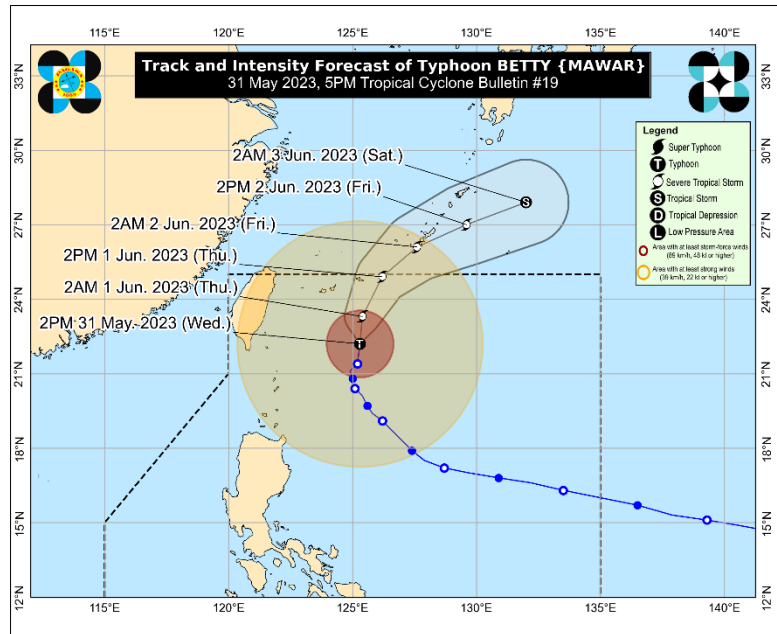

### I. Situation Overview

Issued on 31 May 2023 at 5PM, Typhoon “Betty” continues to accelerate Northward over the sea East Northeast of Batanes.

#### HAZARDS AFFECTING LAND AREAS

##### Heavy Rainfall Outlook

- Forecast accumulated rainfall from today to tomorrow afternoon
  - 100-200 mm: La Union and Benguet.
  - 50-100 mm: Ilocos Norte, Ilocos Sur, and Abra

Under these conditions, flooding and rain-induced landslides are possible, especially in areas that are highly or very highly susceptible to these hazard as identified in hazard maps and in localities that experienced considerable amounts of rainfall for the past several days.

For more information on the areas affected by occasional to frequent rains from the Southwest Monsoon enhanced by BETTY, refer to the Weather Advisory #5 for Southwest Monsoon issued at 11:00 AM today and the 24-Hour Public Weather Forecast at 4:00 PM today.

##### Severe Winds

- Wind Signal in some areas of Luzon have been lifted.
- Minimal to minor impacts from strong winds (i.e., strong breeze to near gale strength) are also possible within any of the areas where Wind Signal No.1 is currently in effect.
- The enhanced Southwest Monsoon will bring occasional to frequent wind gusts over Bicol Region, Western Visayas, Aurora, Quezon, MIMAROPA, Ilocos Region, Cordillera Administrative Region, and Cagayan Valley that are not under any Wind Signal.

#### HAZARDS AFFECTING COASTAL WATERS

- Under the influence of Typhoon BETTY and the enhanced Southwest Monsoon, a marine gale warning remains in effect over the seaboard of Northern Luzon, eastern seaboard of Central Luzon, Southern Luzon, and Visayas. For more information, refer to Gale Warning #9 issued at 5:00 PM today.

## TRACK AND INTENSITY OUTLOOK

- Typhoon BETTY is forecast to gradually accelerate today through tomorrow while moving generally northward over the waters east of Batanes, although some wobbling in its movement (e.g., sudden turns to the north northeast or north northwest) is possible in the near term (e.g., next 12 hours). Afterwards, the typhoon will turn more northeastward beginning tomorrow afternoon or evening. On the forecast track, BETTY will exit the Philippine Area of Responsibility (PAR) tomorrow evening or on Friday early morning. Outside the PAR, the tropical cyclone will pass very close or make landfall in the vicinity of central Ryukyu Islands by mid-Friday (e.g., Okinawa Is.)
- BETTY is forecast to steadily weaken over the next five days due to cooler ocean waters (caused by upwelling of cooler waters in its wake), dry air intrusion, and increasing vertical wind shear. The typhoon may be downgraded into a severe tropical storm tonight or tomorrow morning and into a tropical storm on Friday evening or Saturday morning. However, given the extent of the effect of dry air intrusion on the typhoon, a faster weakening rate within the forecast period is not ruled out. BETTY may begin its transition into a post-tropical cyclone on Saturday or Sunday, although this will occur outside the PAR region.

The center of the eye of Typhoon BETTY was estimated based on all available data at 375 km East of Itbayat, Batanes (21.8°N, 125.3°E) moving Northeastward at 10 km/h with maximum sustained winds of 120 km/h near the center and gustiness of up to 150 km/h

### 1. Standby Funds

- ₱343.94 million Quick Response Fund (QRF) at the DSWD Central Office.
- ₱76.97 million available in DSWD FOs which may support the relief needs of the families affected by STY “Betty” (Mawar) through inter-FO augmentation.

### 2. Prepositioned FFPs and Other Relief Items

- 99,619 FFPs available in Disaster Response Centers; of which, 33,077 FFPs are at the National Resource Operations Center (NROC), Pasay City and 66,542 FFPs are at the Visayas Disaster Resource Center (VDRC), Mandaue City.
- 840,880 FFPs in DSWD FOs which may support the relief needs of the families affected by STY “Betty” (Mawar) through inter-FO augmentation.
- ₱963.67 million worth of other FNIs at NROC, VDRC, and DSWD FO warehouses.

### b. Food and Non-food Items (FNIs)
