

## DSWD DROMIC Report #4 on the Tropical Storm “AGHON” as of 26 May 2024, 6AM

### I. Situation Overview

#### Situation Overview

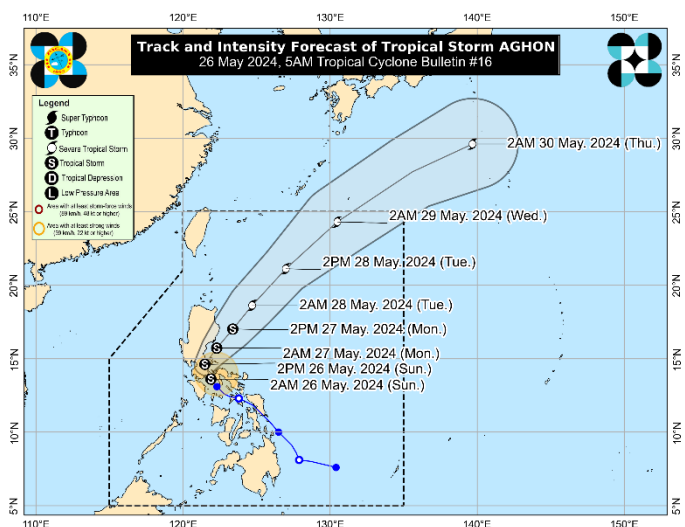

Issued on 26 May 2024 at 5AM, “AGHON” intensifies into a tropical storm over Tayabas Bay.

#### HAZARDS AFFECTING LAND AREAS

##### Heavy Rainfall Outlook

Forecast accumulated rainfall today:

- >200mm: Quezon
- 100-200 mm: Aurora, the eastern portion of Bulacan, Rizal, Laguna, Marinduque, and Camarines Norte.
- 50-100 mm: Nueva Ecija, the rest of Bulacan, the eastern portion of Pampanga, the rest of CALABARZON, Oriental Mindoro, Occidental Mindoro, Romblon, Burias Island, and the western portion of Camarines Sur.

Forecast accumulated rainfall tomorrow evening to Monday evening:

- 50-100 mm: The eastern portion of Isabela, the northern portion of Aurora, and Polillo Islands.

Forecast rainfall are generally higher in elevated or mountainous areas. Under these conditions, flooding and rain-induced landslides are likely especially in areas that are highly or very highly susceptible to these hazards as identified in hazard maps and in localities that experienced considerable amounts of rainfall for the past several days.

##### Severe Winds

The wind signals warn the public of the general wind threat over an area due to the tropical cyclone. Local winds may be slightly stronger/enhanced in coastal and upland/mountainous areas exposed to winds. Winds are less strong in areas sheltered from the prevailing wind direction.

- Minor to moderate impacts from strong winds are possible within any of the localities where Wind Signal No. 2 is hoisted.
- Minimal to minor impacts from strong winds are possible within any of the areas under Wind Signal No. 1.
- The highest possible Wind Signal that may be hoisted during the passage of AGHON is Wind Signal No. 2.

---

## HAZARDS AFFECTING COASTAL WATERS

Today: Under the influence of AGHON, a Gale Warning is hoisted over the coastal waters of Marinduque and Quezon, the southern coastal waters of Batangas, and the northern coastal waters of Camarines Norte. Sea travel is risky for small seacrafts, including all motorbancas of any type of tonnage.

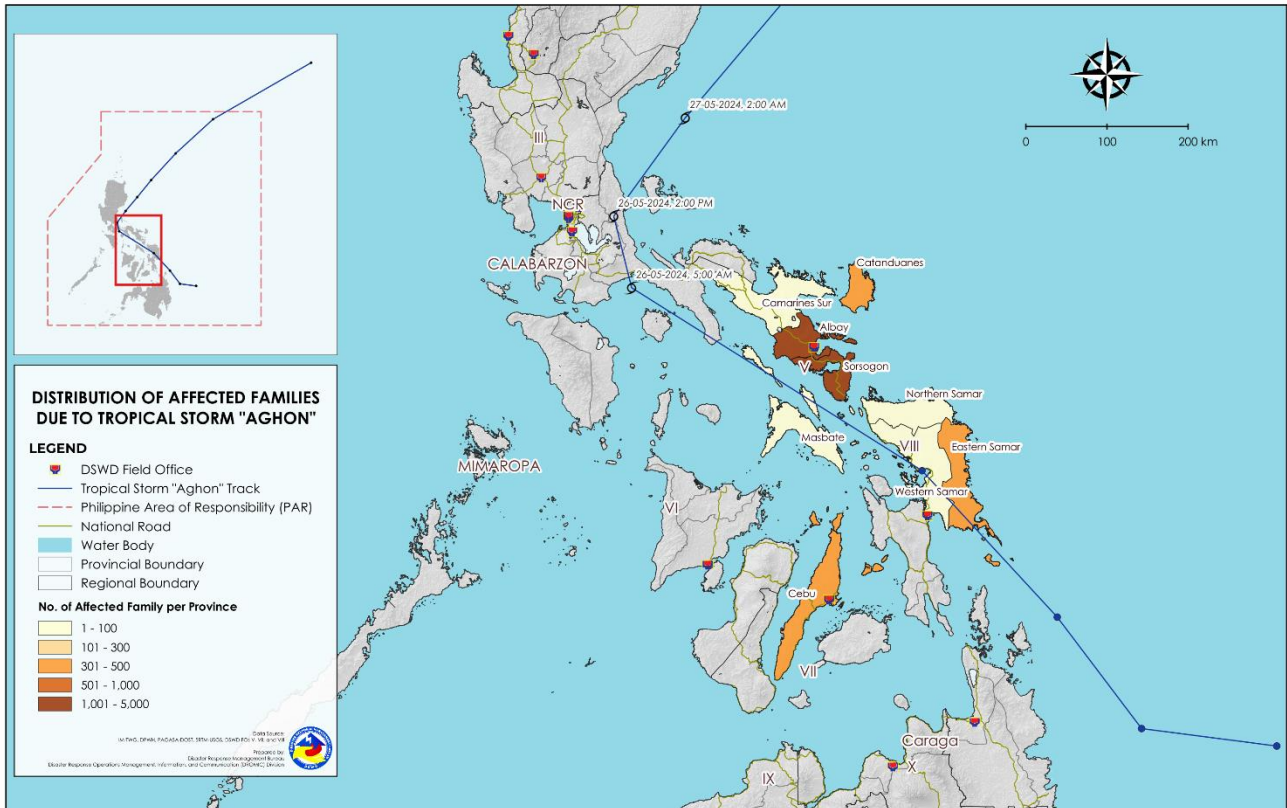

Outside the Gale Warning areas, AGHON will bring moderate to rough seas (1.5 to 3.5 m) over the coastal waters along the northern and eastern seaboard of Luzon and the seaboard of Bicol Region. Mariners of motor bancas and similarly-sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigating in these conditions, especially if inexperienced or operating ill-equipped vessels.

## TRACK AND INTENSITY OUTLOOK

AGHON is forecast to make landfall in the vicinity of Quezon within the next 3 hours. Over the next 12 hours, the tropical storm will cross the landmass of mainland CALABARZON and Polillo Islands. AGHON will be over the waters off the east coast of Quezon or Aurora by this evening or tomorrow early morning. During this period, AGHON will likely remain as a tropical storm although weakening into a tropical depression while over mainland CALABARZON is not ruled out due to land interaction.

From Monday through the remainder of the forecast period, AGHON will gradually accelerate northeastward while intensifying. It is forecast to reach severe tropical storm category on Tuesday. AGHON reaching typhoon category within the Philippine Area of Responsibility (PAR) is not yet ruled out, although it will most likely happen far from the landmass. On the track forecast, AGHON may exit the PAR region on Wednesday.

## II. Status of Affected Areas and Population

A total of **6,542 families** or **8,276 persons** are affected in **22 barangays** in **Regions V, VII** and **VIII** (see Annex A).

## III. Status of Displaced Population

### a. Inside Evacuation Center

There are **1,208 families** or **1,316 persons** currently taking temporary shelter in **six (6) evacuation centers** in **Regions V and VII** (see Annex B).

### b. Outside Evacuation Center

There are **465 families** or **1,961 persons** temporarily staying with their relatives or friends (see Annex C).

### c. Total Displaced Population

There are **1,673 families** or **3,277 persons** displaced in **Regions V, VII, and VIII** (see Annex D).

## IV. Damaged Houses

A total of **21 houses** were damaged; of which, **four (4)** are **totally damaged** and **17** are **partially damaged** in **Region VIII** (see Annex E).

## V. Cost of Humanitarian Assistance Provided

A total of **₱1,289,012.50** worth of assistance was provided to the affected families; of which, **₱972,36.50** from **DSWD** and **₱316,650.00** from the **Local Government Unit (LGU)** (see Annex F).

## VI. Response Actions and Interventions
