

DSWD DROMIC Report #2 on the Effects of Typhoon “JULIAN” as of 30 September 2024, 6AM

I. Situation Overview

Issued on 30 September 2024 at 5AM, Batanes and Northeastern Babuyan Islands are now experiencing violent winds as “JULIAN” continues to move over the Balintang channel.

HAZARDS AFFECTING LAND AREAS

Heavy Rainfall Outlook

Forecast accumulated rainfall Monday (September 30)

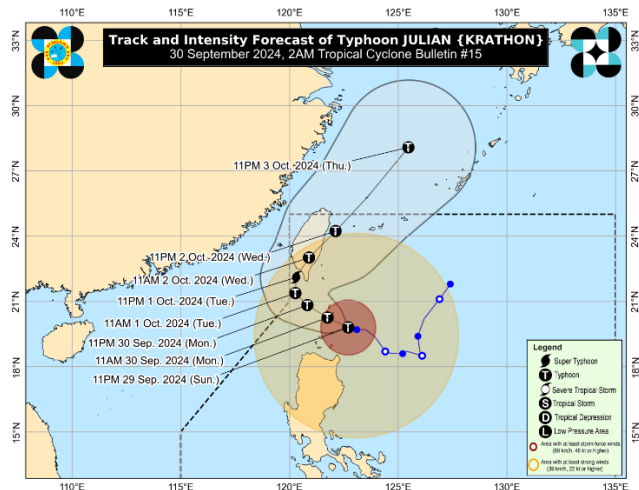

- 200 mm: Batanes, Babuyan Islands, and Ilocos Norte
- 100 – 200 mm: Mainland Cagayan, Ilocos Sur, La Union, Apayao, Abra, and Benguet
- 50 – 100 mm: Pangasinan, Zambales, Bataan, and the rest of Cordillera Administrative Region

Under these conditions, flooding and rain-induced landslides are possible, especially in areas that are highly or very highly susceptible to these hazards as identified in hazard maps and in areas with significant antecedent rainfall.

Severe Winds

The peak of devastating typhoon-force winds will be felt over areas under Wind Signal No. 4 between this morning and afternoon. The wind flow coming towards the circulation of JULIAN may also bring strong to gale-force gusts over the following areas especially in coastal and upland areas exposed to winds:

- Today (30 September): Pangasinan, Aurora, Zambales, Bataan, Metro Manila, CALABARZON, Romblon, and Bicol Region
- Tomorrow (1 October): : Ilocos Region, Cordillera Administrative Region, northern and eastern portions of mainland Cagayan, the eastern portion of Isabela, Aurora, Zambales, Bataan, Metro Manila, CALABARZON, Romblon, Camarines Norte, Camarines Sur, and Catanduanes
- Wednesday (2 October): Batanes, Babuyan Islands, Ilocos Norte, Ilocos Sur, Apayao, and Abra

HAZARD AFFECTING COASTAL WATERS

A Gale warning is hoisted over the seaboard of Northern Luzon. Typhoon “JULIAN” will bring strong to typhoon-force winds are expected to affect the following areas: Batanes and Babuyan Islands, the northern and western seaboard of northern Luzon, and the eastern seaboard of northern Luzon.

moderate to rough seas over the coastal waters along the northern seaboard of Batanes, Babuyan Islands, the northern coast of Ilocos Norte, the northern coast of Cagayan. All mariners must remain in port or, if underway, seek shelter or safe harbor as soon as possible until winds and waves subside.

TRACK AND INTENSITY OUTLOOK

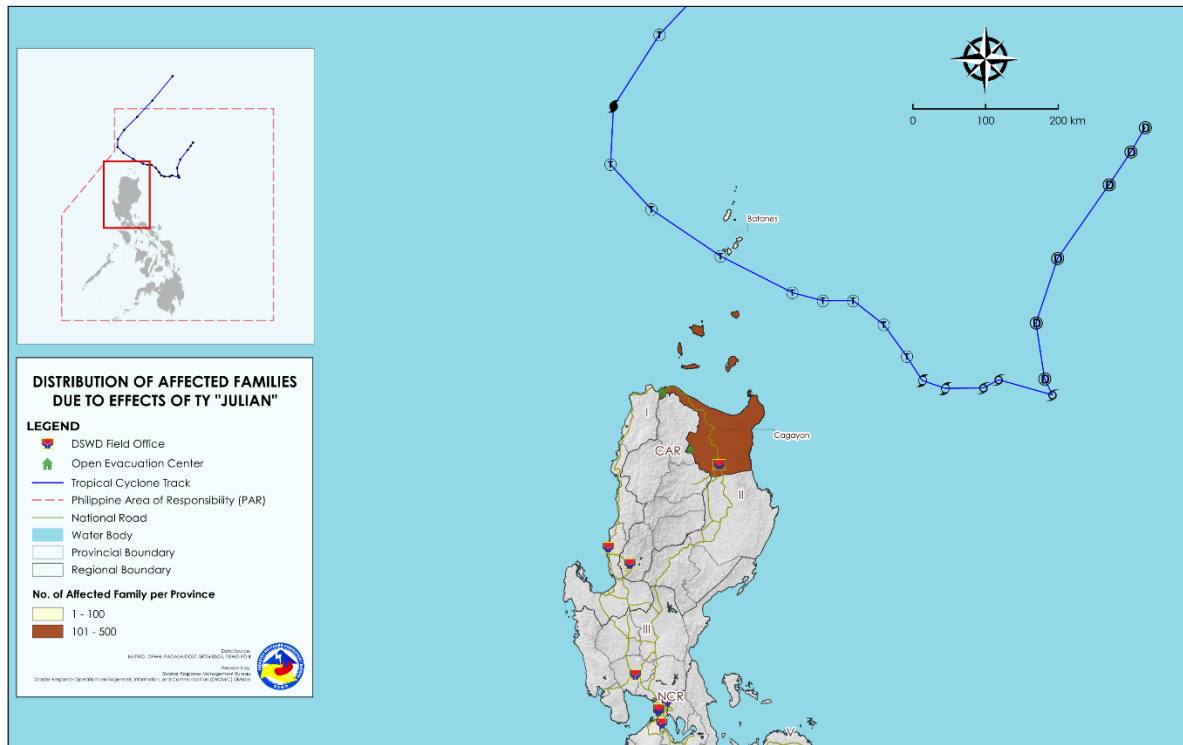

JULIAN is forecast to move generally west northwestward over the Balintang Channel today and pass very close to Balintang Island and Batanes. A landfall scenario over these areas remains likely. Nevertheless, this typhoon will be at its closest to Batanes and Babuyan Islands this morning through afternoon.

The typhoon will begin recurving tomorrow (1 October) while moving slowly, then turn generally northeastward on Wednesday (2 October) towards the southwestern coast of Taiwan, where it is forecast to make landfall on Wednesday morning or afternoon. JULIAN may briefly leave the Philippine Area of Responsibility (PAR) during this period but bulletins are expected to continue. The typhoon will then cross the rugged terrain of Taiwan and emerge over the waters east of Taiwan by Thursday (3 October) morning. Afterwards, the typhoon will gradually accelerate northeastward towards the East China Sea and exit the PAR region on Thursday morning or afternoon.

JULIAN will continue intensifying and may reach super typhoon category tomorrow at the start of its recurvature. Interaction with the rugged terrain of Taiwan will trigger a weakening trend prior to landfall, although JULIAN is forecast to remain as a typhoon until it exits the PAR region

The center of the eye of Typhoon JULIAN was estimated based on all available data over the coastal waters of Balintang Is., Calayan, Cagayan (19.9°N, 122.2°E)

II. Status of Affected Areas and Population

A total of **349 families** or **1,110 persons** are affected in **29 barangays** in **Region II** (see Annex A).

III. Status of Displaced Population

a. Inside Evacuation Center

There are **49 families** or **155 persons** currently taking temporary shelter in **12 evacuation centers** in **Region II** (see Annex B).

b. Outside Evacuation Center

There are **177 families** or **576 persons** temporarily staying with their relatives or friends (see Annex C).

c. Total Displaced Population

There are **226 families** or **731 persons** displaced in **Region II** (see Annex D).

IV. Response Actions and Interventions

a. Standby Funds and Prepositioned Relief Stockpile

OFFICE	STANDBY FUNDS	STOCKPILE			TOTAL STANDBY FUNDS & STOCKPILE

1. Standby Funds

- ₱123.41 million Quick Response Fund (QRF) at the DSWD Central Office.
- ₱3 million available at DSWD FO II.

2. Prepositioned FFPs and Other Relief Items

- 315,127 FFPs available in Disaster Response Centers; of which, 188,679 FFPs are at the National Resource Operations Center (NROC), Pasay City and 126,448 FFPs are at the Visayas Disaster Resource Center (VDRC), Mandaue City.
- 123,900 FFPs available at DSWD FO II.
- ₱348.62 million worth of other FNIs at NROC, VDRC, and DSWD FO II warehouses.

b. Other Activities

DSWD DRMG

DATE	ACTIVITIES
30 September 2024	<ul style="list-style-type: none"> • DRMB closely coordinates with DOST-PAGASA for significant weather updates and other related information relative to TD "JULIAN". • All DRMB Quick Response Team (QRT) members and emergency equipment are on standby and ready for deployment. • NRLMB ensures the replenishment and availability of FNIs for resource augmentation to DSWD FOs as need arises. • NRLMB continuously repacks goods for possible augmentation
28 September 2024	<ul style="list-style-type: none"> • DRMB Officials attended the Pre-Disaster Risk Assessment (PDRA) Core Group Meeting to evaluate Typhoon "Julians" level of risk by assessing the area's exposure and vulnerability, and ensuring preparedness measures are tailored for effective response operations.
27 September 2024	<ul style="list-style-type: none"> • The DRMB lead by DRMG Usec. Dianna Rose S. Cajipe, MD FPOGS, attended the Pre-Disaster Risk Assessment (PDRA) Core Group Meeting relative to Typhoon "JULIAN". • DRMB closely coordinates with DSWD FOs for their disaster preparedness measures and activities. • DRMB closely coordinates with DOST-PAGASA for significant weather updates and other related information relative to TD "JULIAN". • All DRMB Quick Response Team (QRT) members and emergency equipment are on standby and ready for deployment. • NRLMB ensures the replenishment and availability of FNIs for resource augmentation to DSWD FOs as need arises. • NRLMB continuously repacks goods for possible augmentation.

FO I

DATE	ACTIVITIES
27 September 2024	<ul style="list-style-type: none"> ● DSWD FO I attended the Regional Disaster Risk Reduction and Management Council (RDRRMC) PDRA Meeting. ● DSWD FO I maintains close monitoring of weather updates and other pertinent information through all available sources.

FO II

DATE	ACTIVITIES
30 September 2024	<ul style="list-style-type: none"> ● DSWD FO II through its DRMD, Regional QRTs, and SWAD Team Leaders maintains close monitoring of weather updates and other pertinent information through all available sources. DRMD, QRT, C/MATs and SWAD Offices are on standby for possible activation. ● DSWD FO II continuously coordinates with the Office of Civil Defense-R02, disaster response member agencies to explore opportunities for resource augmentation. ● DSWD FO II closely coordinates with the LDRRMCs, and SWADT Offices to provide significant updates and monitor the potential impacts of TY "JULIAN".

FO CAR

DATE	ACTIVITIES
27 September 2024	<ul style="list-style-type: none"> ● DSWD FO CAR attended the RDRRMC PDRA Meeting. ● DSWD FO CAR through its DRMD, Regional QRTs, and SWAD Team Leaders actively monitors weather updates and relevant information from all available sources. DRMD, QRT and SWAD Offices are on standby for possible activation. ● DSWD FO CAR RETT are on standby for the use of emergency telecommunications equipment. ● DSWD FO CAR ensures the availability of food and non-food items (FNIs) and transportation and communication equipment. Quality checking of FNIs across the regional satellite warehouses are also ongoing. ● DSWD FO CAR is providing technical assistance on disaster reporting and management (CCCM, IDPP, and FNFI augmentations) in Tineg, Abra.

Annexes

Annex A. Number of Affected Families / Persons

REGION / PROVINCE / MUNICIPALITY	NUMBER OF AFFECTED		
	Barangays	Families	Persons
