

DSWD DROMIC Report #12 on Typhoon “Nika”, Super Typhoon "Ofel", and Super Typhoon “Pepito” as of 16 November 2024, 6PM

I. Situation Overview

Issued on 16 November 2024 at 5:00 PM, Super Typhoon “Pepito” continues to threaten potentially catastrophic and life-threatening situation for Northeastern Bicol Region.

HAZARDS AFFECTING LAND AREAS

Heavy Rainfall Outlook

Refer to Weather Advisory No. 45 issued at 5:00 PM today for the three-day heavy rainfall outlook associated with “PEPITO”.

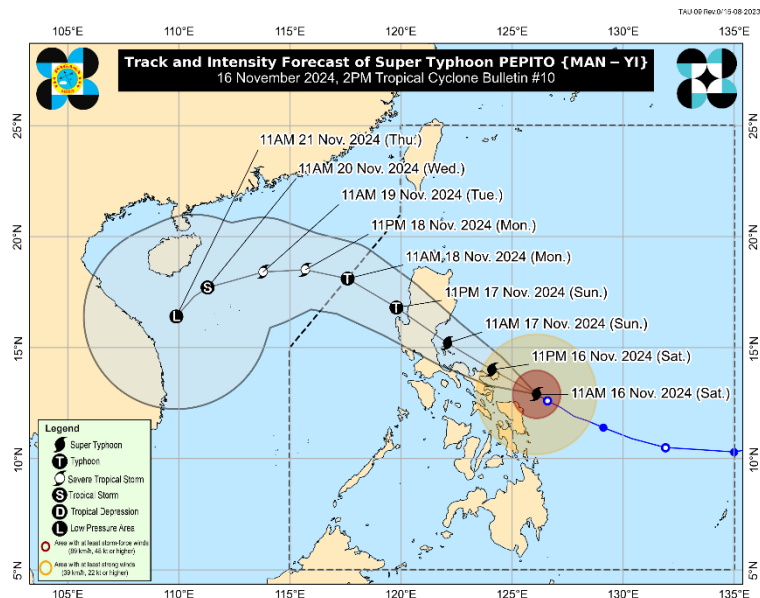

Severe Winds

The wind signals warn the public of the general wind threat over an area due to the tropical cyclone. Local winds may be slightly stronger/enhanced in coastal and upland/mountainous areas exposed to winds. Winds are less strong in areas sheltered from the prevailing wind direction.

- Extreme impacts from typhoon-force winds are possible within any of the areas under Wind Signal No. 5.
- Significant to severe impacts from typhoon-force winds are possible within any of the areas under Wind Signal No. 4.
- Moderate to significant impacts from storm-force winds are possible within any of the areas under Wind Signal No. 3.
- Minor to moderate impacts from gale-force winds are possible within any of the areas under Wind Signal No. 2.
- Minimal to minor impacts from strong winds are possible within any of the areas under Wind Signal No. 1.

Coastal Inundation

There is a high risk of life-threatening storm surge with peak heights exceeding 3.0 m in the next 48 hours over the low-lying or exposed coastal localities of Ilocos Region (western coast), Isabela, Central Luzon, Metro Manila, CALABARZON, Marinduque,

Bicol Region, Northern Samar, Samar, Eastern Samar, and Biliran. Refer to Storm Surge Warning No. 7 issued at 2:00 PM today for the details.

HAZARDS AFFECTING COASTAL WATERS

A Gale Warning is hoisted over the eastern and southern seaboards of Luzon and the eastern seaboard of Visayas. Refer to Gale Warning No. 11 issued at 5:00 PM today for the details.

24-Hour Sea Condition Outlook

Note: These are forecast sea condition over the coastal waters and not related to storm surge heights or inundation.

Up to very rough, high, or very high seas over the following coastal waters:

- Up to 14.0 m: The northern and eastern seaboards of Catanduanes.
- Up to 12.0 m: The northern seaboard of Camarines Norte; the seaboards of Camarines Norte and Aurora
- Up to 10.0 m: The northern and eastern seaboard of Polillo Islands
- Up to 9.0 m: The seaboard of northern Quezon; the northern and eastern seaboard of Northern Samar.
- Up to 7.0 m: The seaboard of Isabela; the remaining seaboard of Catanduanes; the eastern seaboards of Camarines Sur, Albay, and Sorsogon.
- Up to 5.0 m: The eastern seaboards of mainland Cagayan and Eastern Samar
- Sea travel is risky for all types or tonnage of vessels. All mariners must remain in port or, if underway, seek shelter or safe harbor as soon as possible until winds and waves subside.

Up to rough seas over the following coastal waters:

- Up to 4.0 m: The eastern seaboard of Quezon including the rest of Polillo Islands
- Up to 3.5 m: The seaboards of Batanes and Babuyan Islands.
- Up to 3.0 m: The seaboards of Pangasinan, La Union, Marinduque, and Romblon; the remaining seaboards of Quezon, Northern Samar, and Bicol Region; the eastern seaboard of Oriental Mindoro
- Mariners of small seacrafts, including all types of motorbancas, are advised not to venture out to sea under these conditions, especially if inexperienced or operating ill-equipped vessels.

Up to moderate seas over the following coastal waters:

- Up to 2.5 m: The seaboards of Zambales; the western seaboard of Bataan; the eastern seaboard of Dinagat Islands; the remaining seaboard of Ilocos Region.
- Up to 2.0 m: The seaboards of Metro Manila, Aklan, Antique, Samar, Biliran, northeastern Iloilo, northern Negros Occidental, and northern Cebu including Bantayan Islands; the northern and eastern seaboards of Leyte; the eastern seaboards of Southern Leyte, Surigao del Sur, Davao Oriental; the northern and western seaboards of Dinagat Islands; the remaining seaboards of Bataan and CALABARZON; the northern seaboards of Occidental Mindoro including Lubang Islands and Oriental Mindoro.

- Mariners of motorbancas and similarly-sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.

TRACK AND INTENSITY OUTLOOK

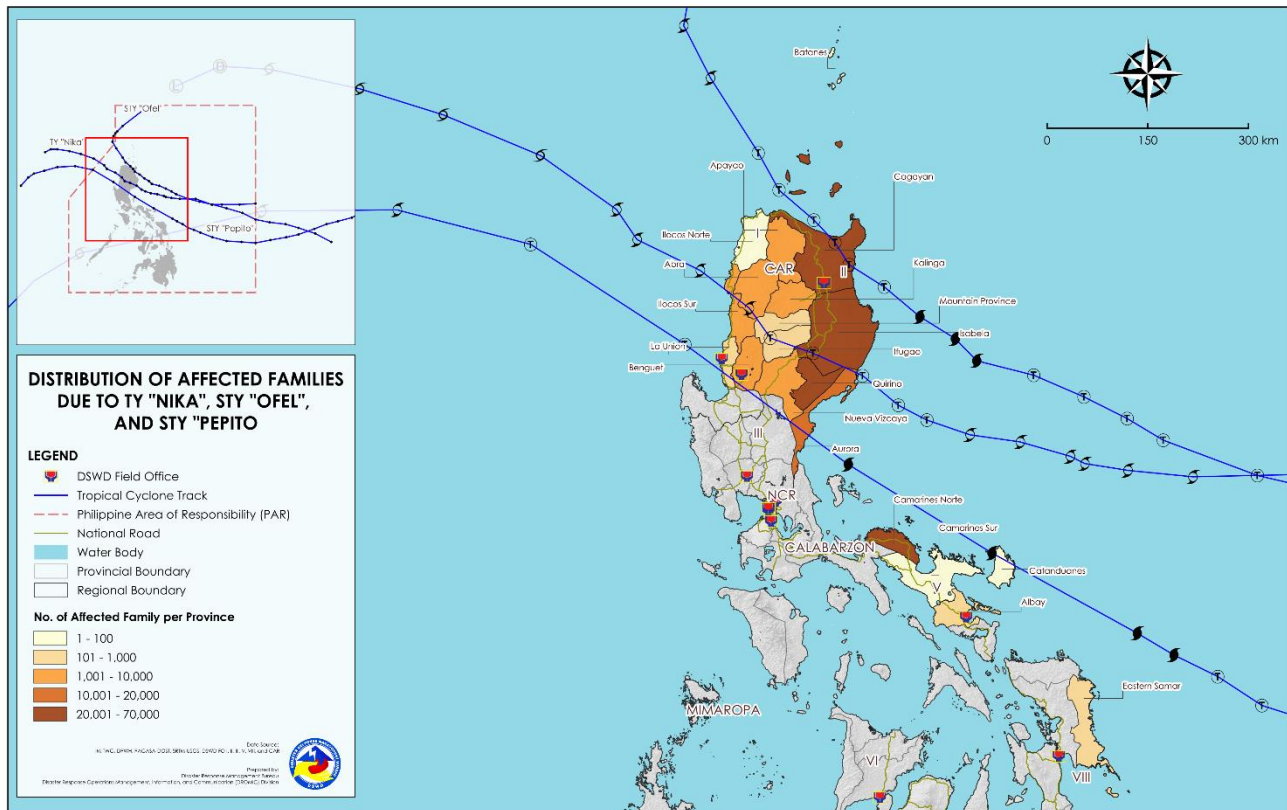

- PEPITO is forecast to move generally west northwestward within the next three days before turning generally westward to west southwestward from Monday (18 November) afternoon to Thursday (21 November) early morning. On the track forecast, PEPITO is more likely to make landfall in the vicinity of Catanduanes tonight or tomorrow (17 November) early morning. However, considering the limits of the forecast confidence cone, a landfall scenario over the eastern coast of Camarines Sur or Albay during the same time frame (if it moves slightly south of forecast track), or along the eastern coast of Quezon or Aurora tomorrow afternoon or evening remains (if it moves slightly north of forecast track) not ruled out. PEPITO is expected to exit the Philippine Area of Responsibility (PAR) on Monday.
- Regardless of the landfall point, the PEPITO will move generally west northwestward over the weekend and pass over or near the localities of Bicol Region, Central Luzon, Quezon, and the southern portions of Ilocos Region and Cordillera Administrative Region before emerging over the West Philippine Sea tomorrow evening or Monday morning.
- It must be emphasized that heavy rainfall, severe winds, and storm surge may still be experienced in localities outside the landfall point and the forecast confidence cone. Refer to “Other Hazards affecting Land Areas” for more details. Furthermore, the track may still shift within the limit of the forecast confidence cone.
- PEPITO is approaching its peak intensity. With radar imagery showing signs of eyewall replacement, the intensity of PEPITO may begin to maintain or slightly decrease in the next coming hours. However, if the eyewall replacement finishes prior to its passage over Catanduanes, the super typhoon will resume intensifying as forecasted. Nevertheless, PEPITO will likely make landfall over Catanduanes as a super typhoon at or near peak intensity, and as a super typhoon or typhoon over the Quezon-Aurora area. Significant weakening will occur during the passage of PEPITO over mainland Luzon tomorrow, but it will likely remain as a typhoon until it reaches the West Philippine Sea.

The center of the eye of Super Typhoon PEPITO was estimated based on all available data including from Guiuan, Laoang, Masbate, Daet, and Baler Weather Radars at 120 km East of Virac, Catanduanes (13.4 °N, 125.3 °E) moving West Northwestward 20 km/h with a maximum sustained winds of 195 km/h near the center and gustiness of up to 240 km/h.

II. Status of Affected Areas and Population

A total of **236,914 families** or **880,600 persons** are affected in **1,814 barangays** in **Regions I, II, III, V, VIII** and **CAR** (see Annex A).

III. Status of Displaced Population

a. Inside Evacuation Center

There are **2,496 families** or **8,283 persons** currently taking temporary shelter in **79 evacuation centers** in **Regions II, VIII** and **CAR** (see Annex B).

b. Outside Evacuation Center

There are **4,404 families** or **13,983 persons** temporarily staying with their relatives or friends (see Annex E).

c. Total Displaced Population

There are **6,900 families** or **22,266 persons** still displaced in **Regions II, VIII** and **CAR** (see Annex F).

IV. Damaged Houses

A total of **7,811 houses** were damaged; of which, **435** are **totally damaged** and **7,376** are partially damaged in **Regions I, II, III,** and **CAR** (see Annex G).

V. Cost of Humanitarian Assistance Provided

A total of **₱32,116,340.36** worth of assistance was provided to the affected families composed of **₱28,859,997.25** from **DSWD**, **₱2,913,183.11** from the **Local Government Unit (LGUs)**, **₱338,600.00 Non-Government Organizations (NGOs)**, and **₱4,500.00** from **other Partners** (see Annex H).

VI. Response Actions and Interventions
