

## DSWD DROMIC Report #145 on Kanlaon Volcano Eruption as of 17 March 2025, 6AM

### I. Situation Overview

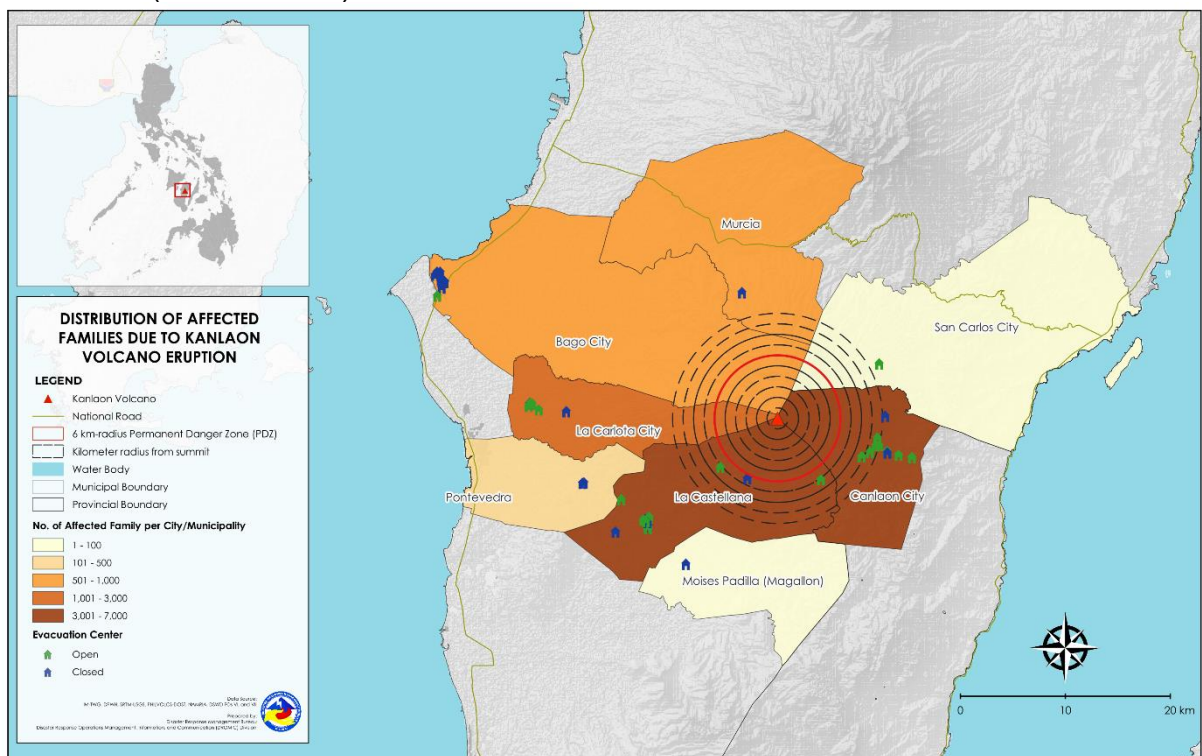

- As of **17 March 2025**, Kanlaon Volcano remains under **Alert Level 3 (magmatic unrest)**. This means that magmatic unrest could generate **similar ash emission and even short-lived explosive eruptions** in the short term which may generate **life-threatening volcanic hazards**. It is recommended that **communities within a 6-km radius from the summit crater remain evacuated** due to the danger of pyroclastic density currents (PDCs), ballistic projectiles, ashfall, rockfall and other related hazards. Local Government Units (LGUs) must continue to prepare their communities within the PDC hazard zone for subsequent evacuation in case unrest further escalates and hazardous worst-case explosive eruption becomes imminent. Increased vigilance against potential syn-eruption lahars and sediment-laden streamflows in channels draining the edifice is strongly advised should intense rains occur during eruptive unrest. Civil aviation authorities must also advise pilots to avoid flying close to the volcano's summit as ash from any sudden eruption can be hazardous to aircraft.
- On 15 February 2025 at 2:32 PM, an episode of significant emission occurred from the summit crater of Kanlaon Volcano. The emission lasted for eight (8) minutes based on the seismic record and generated a plume that rose 1,500 meters above the crater before drifting to the west-northwest. Ashfall and sulfurous smells were reported in several localities of Bago City, Negros Occidental.
- On 11 January 2025 at 1:00 PM, a pronounced inflation or swelling of the middle to upper portion of the eastern edifice was observed. Electronic tilt was recorded at 1,056 m elevation on the eastern flank of the volcano showing an abrupt and sharp increase in inflationary tilt since 10 January 2025, indicating a sudden pressurization within the upper portions of the edifice. The overall parameters may indicate that the shallow magma conduit of the volcano is undergoing pressurization that may lead to an eruption.
- On 23 December 2024 at 12:30 PM, an increase in volcanic ash emission at the Kanlaon Volcano was observed. At 11:45 AM, dark ash has been issuing from the summit of Kanlaon Volcano accompanied by a weak low frequency volcanic earthquake. This has produced a dark plume roughly 1.2 kilometers tall that is drifting to the northwest. Ash emission has been ongoing and ashfall is expected to fall over communities of Negros Occidental northwest to west of the volcano. All other parameters of the volcano remain elevated but are generally unchanged.
- On 09 December 2024 at 3:03 PM, Alert Level 3 was raised from Alert Level 2 over the Kanlaon Volcano after an explosive eruption that occurred at the summit vent. The eruption produced a voluminous plume that rapidly rose to 3,000 meters above the vent and drifted west-southwest. PDCs descended the slopes on the general southeastern edifice based on IP and thermal camera monitors.

- The raising of the Alert Level of Kanlaon Volcano from Alert Level 2 (increasing unrest) to Alert Level 3 (magmatic unrest) means that a magmatic eruption has begun and may progress to further explosive eruptions. All LGUs are advised to evacuate the 6-km radius from the summit of the volcano and must be prepared for additional evacuation if activity warrants.

## II. Status of Affected Areas and Population

A total of **12,630 families** or **48,528 persons** are affected in **27 barangays** in **Regions VI and VII** (see Annex A).

## III. Status of Displaced Population

### a. Inside Evacuation Center

There are **2,630 families** or **8,408 persons** currently taking temporary shelter in **22 evacuation centers** in **Regions VI and VII** (see Annex B).

### b. Outside Evacuation Center

There are **3,572 families** or **11,578 persons** temporarily staying with their relatives or friends (see Annex E).

### c. Total Displaced Population

A total of **6,202 families** or **19,986 persons** are still displaced in **Regions VI and VII** (see Annex F).

#### IV. Cost of Humanitarian Assistance Provided

A total of **₱213,265,557.67** worth of assistance was provided to the affected families; of which, **₱110,965,457.84** from **DSWD**, **₱30,392,293.59** from the **LGUs**, **₱33,451,112.24** from **Non-Government Organizations (NGOs)**, and **₱38,456,694.00** from **other Partners** (see Annex G).

#### V. Response Actions and Interventions

##### a. Standby Funds and Prepositioned Relief Stockpile

OFFICE	STANDBY FUNDS	STOCKPILE			TOTAL STANDBY FUNDS & STOCKPILE
		FAMILY FOOD PACKS		OTHER FOOD AND NON-FOOD ITEMS (FNIs)	
		QUANTITY	TOTAL COST

##### 1. Standby Funds

- ₱299.81 million Quick Response Fund (QRF) available at the DSWD Central Office.
- ₱4 million available at DSWD Field Office (FOs) VI and VII.
- ₱38.44 million available in other DSWD FOs, which may support the relief needs of the families affected by the Kanlaon Volcano eruption through inter-FO augmentation.

##### 2. Prepositioned FFPs and Other Relief Items

- 586,345 FFPs available in Disaster Response Centers; of which, 236,605 FFPs are at the National Resource Operations Center (NROC), Pasay City and 349,740 FFPs are at the Visayas Disaster Resource Center (VDRC), Mandaue City.
- 268,146 FFPs available at DSWD FOs VI and VII.
- 1,736,295 FFPs in other DSWD FOs, which may support the relief needs of the families affected by the Kanlaon Volcano eruption through inter-FO augmentation.
- ₱916.35 million worth of other FNIs at NROC, VDRC, and DSWD FO warehouses.
