

## DSWD DROMIC Report #5 on the Structural Vulnerabilities of the San Juanico Bridge

as of 23 May 2025, 6AM

### I. Situation Overview

On 15 May 2025, the Department of Public Works and Highways (DPWH) imposed a temporary maximum gross vehicle weight limit of three (3) metric tons on all vehicles crossing the San Juanico Bridge, which connects the provinces of Leyte and Samar. This measure is being implemented due to identified structural vulnerabilities in the bridge.

The restriction on the types of vehicles allowed to cross the San Juanico bridge may impact economic activities, delay the delivery of essential services and commodities, and disrupt daily operations, affecting many people who depend on this crucial route.

*Source: DSWD Field Office (FO) VIII*

### II. Status of Affected Areas and Population

A total of **581 families** or **621 persons** are affected in **Eastern Visayas** (see Annex A).

### III. Cost of Humanitarian Assistance Provided

A total of **₱400,981.05** worth of assistance was provided by **DSWD** to the affected families and individuals (see Annex B).

### IV. Response Actions and Interventions

#### a. Standby Funds and Prepositioned Relief Stockpile
