DSWD DROMIC Report #10 on the Flash Flood Incidents in Bukidnon

as of 13 October 2025, 6AM

I. Situation Overview

On 17 September 2025, the Department of Science and Technology - Philippine Atmospheric, Geophysical and Astronomical Services Administration (DOST - PAGASA) issued a rainfall advisory covering most parts of Mindanao, citing the effects of localized thunderstorms. In Bukidnon Province, the Local Government Units (LGUs) of Maramag, Malaybalay City, and Valencia City reported families and individuals affected as persistent rains triggered a sudden rise in water levels in low-lying areas, resulting in flash floods and forced evacuations. According to the Valencia City Disaster Risk Reduction and Management Office (CDRRMO), five (5) deaths have been confirmed, while three (3) persons remain missing, with ongoing search and rescue operations.

In response, the Department of Social Welfare and Development (DSWD), through its Field Office (FO) X, is in close coordination with the concerned LGUs for significant updates and any requests for technical assistance and resource augmentation. Relief operations are ongoing, such as the provision of food and non-food items (FNIs) being distributed to affected families by the LGUs, the Office of Civil Defense (OCD) X, and other stakeholders.

In line with its rights-based approach and mandate to uphold the social protection of disaster-affected families, the DSWD ensures the delivery of rapid and sustained disaster response interventions. These include the provision of life-saving relief assistance, as well as continuous monitoring and assessment of the evolving situation to ensure that the needs of displaced and vulnerable populations are addressed. Likewise, the Department upholds its lead roles in Camp Coordination and Camp Management (CCCM) and Internally Displaced Persons (IDP) Protection to guarantee that families in evacuation centers (ECs) are protected, supported, and able to live with dignity amid displacement.
