DSWD DROMIC Report #12 on the Flash Flood Incidents in Bukidnon

as of 31 October 2025, 6AM

I. Situation Overview

On 17 September 2025, the Department of Science and Technology - Philippine Atmospheric, Geophysical and Astronomical Services Administration (DOST - PAGASA) issued a rainfall advisory covering most parts of Mindanao, citing the effects of localized thunderstorms. In Bukidnon Province, the Local Government Units (LGUs) of Maramag, Malaybalay City, and Valencia City reported families and individuals affected as persistent rains triggered a sudden rise in water levels in low-lying areas, resulting in flash floods and forced evacuations. According to the Valencia City Disaster Risk Reduction and Management Office (CDRRMO), five (5) deaths have been confirmed, while three (3) persons were missing.

In response, the Department of Social Welfare and Development (DSWD), through its Field Office (FO) X, in close coordination and collaboration with the concerned LGUs, Office of Civil Defense (OCD) X, and other stakeholders, provided food and non - food items (FNIs), and financial assistance (FA) through the Assistance to Individuals-in-Crisis-Situations (AICS), to address the immediate needs of affected families and individuals.

In addition, the DSWD FO X implemented the Emergency Cash Transfer (ECT) program, benefiting a total of 2,207 families.
